

Ride On

Annual Report 2023 – Delivering Generations of Service

About Us: Ride On specializes in adaptive horseback riding and therapy services. We teach riding skills to children and adults with intellectual and physical disabilities, and we provide physical, speech and occupational therapy using the movement of the horse to improve specific medical conditions. Our staff includes 11 instructors, 8 therapists and over 50 horses. Ride On has now given over 147,000 lessons and treatment sessions in our 29-year history - improving the quality of life in our community.

Service: In 2023, Ride On provided 8,000 lessons and treatments to an average of 240 clients on a weekly basis from four facilities. 286 volunteers donated 9,770 hours of work. 75% of our riders and patients were children under age 18; 50% are physically and 50% are intellectually disabled. We serve many types of disabilities with autism being the most frequent. Many riders and patients have multiple disabilities requiring extensive staff and volunteer support.

Unique Capacity: Ride On has been nationally accredited since 1994 and is now the only accredited provider of adaptive riding and therapy services in all of Los Angeles or Ventura County. Ride On provided over 1,900 physical, occupational and speech therapy treatments to 90 patients with the majority of sessions incorporating the unique movement of the horse.

Scholarships: Ride On subsidizes the cost of lessons and treatments for all participants. Beyond that, we gave scholarships ranging from free lessons to ½ price for over 1,300 lessons or treatments to 35 families.

Partnerships: Our newest partnership is with the **City of Pasadena** providing service in the San Gabriel Valley. Ride On is the only program in California with four operating sites with service reaching from the Oxnard Plains into the Conejo, Simi, San Fernando and San Gabriel Valleys.

Ride On completed 22 years partnering with the **Conejo Recreation and Park District** which donates the lease of two ranches in Thousand Oaks comprising 33 acres. Walnut Grove, our home for 22 years, is the center for our adaptive and therapy services programs. Rancho Potrero Community Equestrian Center is the heart of a growing equestrian education center for all abilities.

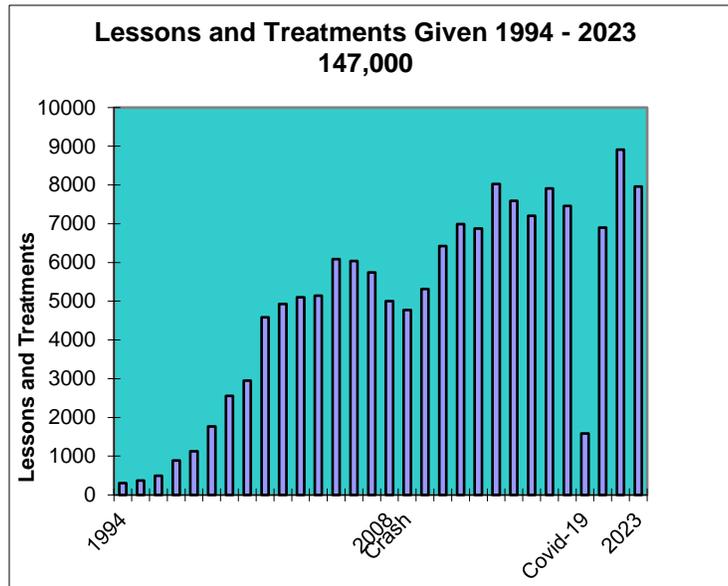

We partner with the **Regional Center** to provide adaptive riding and therapy services and we are also proud to be recognized as a **USEF Community Outreach Organization** and a **USEF Para Dressage Center of Excellence**.

Other partnerships include **Horses in the Hood**, **Safe Passage Youth Foundation**, **Turner Syndrome Foundation**, **Tarzana Treatment Center**, and **CRPD Therapeutics** to provide riding lessons for “at risk” youth, teens struggling with substance abuse and summer programs for campers with disabilities.

Play LA: Ride On also partners with the City of Los Angeles' Play LA Adaptive Program to provide para-equestrian programming for youth with disabilities and at-risk populations leading up to the 2028 Olympic and Paralympic games.

Leadership: Ride On continues to lead in the nonprofit sector in service delivery and education. We organize and host a free Networking and Education Day for industry professionals, teach Instructor Workshops and manage and host the CALNET Show and US Equestrian Federation para equestrian clinics.

Accountable: Ride On sees itself as a public trust and we have always been a leader in transparency to the public. For years we have posted our audited financial statements and IRS tax forms on our website at www.RideOn.org and we have earned a www.guidestar.org Platinum Seal of Transparency.
